PRESIDENT'S REPORT 1

We started 2023 with our annual DTL carnival which was well attended. As usual we experienced some wild weather and tough shooting conditions which showed in the scores but also showed in some brilliant individual performances during the carnival. During the carnival we conducted the annual AGM which was well attended by the member clubs of SACTA and feedback was given to the board. During the year the SACTA committee has been focusing on how we can make the carnival better and attract more shooters and we would love your input and ideas on how to make our state titles better in the future.

South Australia was again well represented at the DTL and Skeet Nationals which were shot in a new format this year with back to back carnivals at the National Shooting Ground in Wagga. Our teams performed well and as always some of our best SA shooters made National teams. Congratulations to all those shooters who attended and shot at the DTL and Skeet Nationals. Some of our shooters also backed up after the Nationals and travelled to South Africa to shoot in the World DTL titles. Our teams and shooters performed well again and congratulations to those shooters who made the big trip to represent Australia and South Australia.

In June the Mount Gambier Gun Club hosted the 2023 SA State Sporting Clays event and team selection for the ACTA Nationals at the National grounds in Wagga Wagga in August. Our team performed well at the nationals and Gavin Dyson was successful in winning the Overall in the National event on the Sunday. Congratulations to all South Australian competitors who attended and competed during the weekend carnival.

During the financial year of 2023-24 SACTA has had to comply with Office of Recreation and Sport requirements of the 40 40 20 rule for representation on State boards of sporting organisations. This requirement has been difficult to maintain continuously over the previous year due in part to our board numbers and makeup from zones due to our Constitution and also due to the low numbers of females within our sport. The SACTA board is currently required to have a minimum of 40% Male, 40% Female representation on our board. We have been working hard to satisfy this requirement as this is required so we can continue to receive grant money assistance from the ORS is vital to the survival of our state organisation to assist with sending our teams to National events and providing uniforms for all state shooters who represent SACTA.

The ISSF carnival was run in July and attracted many shooters to International Clay Target Club who hosted yet another great State carnival. It was great to see so many good SA shooters battle it out over the weekend and make it through to the finals and also to the shooters who are going to the National ISSF shoot as SA team members.

PRESIDENT'S REPORT 2

Our first Skeet carnival to be shot in November is coming up and by the time you get to read this report we will have more to report on this. We hope this time of the year is going to be a great change due to the need to shift the Skeet carnival away from the March long weekend so we have time prior to the Skeet Nationals which has been brought further forward in the year by ACTA.

October gave us the opportunity to host the Masters Games for 2023 and we hope to have had a successful three day shoot during the week of the Master Games. With so many shoots on around the country we hope to be able to attract shooters to this shoot but will have to consider whether it is viable to run in the future due to the demands of organising this month's ahead of time, with so much extra work being placed on volunteers and the host club who have to host yet another shoot on behalf of SACTA. With this in mind we, have decided to pass on hosting the Commonwealth titles in 2024 and also due to the requirement to supply prizes for the entire carnival. This would put a strain on our relationship with our current sponsors if they were asked again for more sponsorship for another large carnival for the year.

We have been working hard this year with our existing sponsors and sponsor companies to update our sponsorship agreements, to improve our prizes at our state carnivals and improve attendance. We have also been trying to attract and approach new sponsors for all carnivals to increase the prizes to shooters and lessen the reliance on SACTA putting in so much of your nominations for prizes. Anyone with experience of running a club will know of the difficulty of trying to balance prize money, nomination costs and attracting more shooters to participate in shoots. More shooters mean more nominations and greater money available for the prizes. With that in mind, I would encourage as many of you to get involved again in State, Zone and Birthday shoots and get out and about clay target shooting and take some of your friends and family shooting in 2024. It's up to you to grow the sport and make it fun for all involved

STATE COACHING REPORT

Hi Everyone.

I hope this message finds you and your families all well.
As I come to write these few words again, another year has passed us by very quickly, and we have certainly now returned back to the normality of shooting at our Clubs post restrictions.

Although there has not been a huge amount of Coaching going on at a State level, this year we thought that we would put the onus back on our 3 Zones to come up with some ideas within their Clubs to attract some new participants, train up some existing competitors that required some tips, and especially try to put on some Coaching days to encourage Juniors (both new and existing).

To this part, SACTA, has provided to each of our 3 Zones $1,000:00 each, to put on some training days with the aim of doing our part to assist in increasing their memberships. And, although the funds were distributed months ago, it is sad to see that no-one (to this point) has taken up the option of using some of these funds for their Club.

A number of new Club Coaches have been accredited over the past 12 months, and we already have a waiting list of a few members that wish to do the course for Coaching whenever it is announced. At the moment, we are looking at holding a Club Coach course for those interested parties before the end of 2023.

There is also a recently accredited Club Coach that has expressed an interest in becoming a Level 2 Competition Coach here in South Australia, which we will endeavour to also satisfy before the end of 2023 (all going well).
Deserie Baynes is now our accredited ACTA Course Facilitator and will be conducting the first courses shortly.

Once again, should there be some interest, we will try to put on some Coaching at local Club level, but we are expecting that our Zone Coaches will take the lead with these funds provided and hold some training days, or even 'come and try' days. We eagerly await their responses and are keen to offer some assistance with other trained and accredited Coaches.

The National Coaching Committee has now been disbanded and has become a sub-committee (formerly under the umbrella of the ACTA Enhancement Committee), and since the advent of the ACTA Association becoming a 'Company', this sub-committee will report directly to the Directors of the new ACTA. This step is to ensure that Coaching at all levels continues to receive the level of importance that is required for our sport to move ahead in the future.

We have also noticed that some schools are starting to come back to our shooting sport whether through the sport facilitator at the school or otherwise. This is a good indication that the Education Dept. may be starting to ease the restriction that it put on shooting sports as part of their sports curriculum and leaving the decisions up to individual schools once a risk mitigation plan has been put in place.

On a final note, I wish everyone good health, and that we return for another chat in 12 months, having had the opportunity to socialise and enjoy some shooting with our counterparts at Club, Zone, and State level.
All the absolute best to you all.
