**If your report does not appear in the CT magazine the following may have occurred: -**

1. The office received the report too late for the current issue.

## 7. Handicap & Grade Changes

It is recommended that all Clubs appoint a Club Handicapper. It is sometimes very difficult for the Club Secretary to conduct all aspects of the shoot office as well as fill out Handicap Cards.

For grade/handicap changes the club secretary needs to log in to the database <https://secure.claytarget.com.au/cta-wrap-staff/workflows/STAFF.MEMBER>

If you are updating grades/handicaps for your own members you need to do the following;

- Go to the members tab on your club page
- Click on the member number that you wish to update
- Go to the competition grades section and click edit
- Update grade/handicap and save
- This has updated the database you still need to manually update the front of the members handicap book.

If you are updating grades/handicaps for visiting members the following applies;

- Log in to the database
- Click on the player directory located on the first page after login, in the bottom right hand corner
- Enter the member number or name and click find, here you can check if the member is financial
- Click on view handicap, here you can edit and save the changes
- This has updated the database, you still need to update the front of the members handicap book

## 8. Break Badges

All Club Break Badges are \$15.00 each GST included.  
25 metre Handicap Metal Badges are \$5.00 each GST included  
National Break Badges are \$20.00 each GST Included

Break Badge Request forms are available via the club admin login (not database) on our website [www.claytarget.com.au](http://www.claytarget.com.au). They are interactive and once lodged you will receive a confirmation email and the Break Badge request will be emailed to the ACTA office.

If a break is being claimed for example for Double Rise which is not thrown on an oscillating trap will therefore not terminate a break if shot between 2 rounds of single targets. It stands to reason then that shooting single targets between 2 rounds of Double Rise would also not terminate a Double Rise break. See page 16 for further details.

**Please refer to**    **Rule 4.23 for Break Recognition conditions (Trap & ISSF).**  
                          **Rule 8.23 for Break Recognition conditions (Skeet).**  
                          **Rule 11.21 for Break Recognition conditions (Sporting).**

## 9. Stationery

Stationery items are available from the National Office. An order form is available via the club admin login (not database) on our website [www.claytarget.com.au](http://www.claytarget.com.au). ### 12.1 Collection of Membership Fees

Members have the option of paying their fees to their club. The club secretary renews the member via the ACTA database:

<https://secure.claytarget.com.au/cta-wrap-staff/workflows/STAFF.MEMBER> .

The club will be invoiced for the ACTA component, state and zone fees (if applicable).

RE: Member Renewal Procedure – Club Secretary

Members also have the option of paying the ACTA/State/Zone/Club fees by accessing <http://mypage.claytarget.com.au> using their credit card. All fees are collected and the ACTA pay the State/Zone/Club fees back to each entity on a monthly basis.

RE: Member Renewal Procedure – Individual Member Via MyPage

### 12.2 Notification of Office Bearers

All clubs are required to change club Office Bearers, both after their AGM and when changes occur. Remove old Office Bearers from the database. This is to be done through their access to the ACTA database:

<https://secure.claytarget.com.au/cta-wrap-staff/workflows/STAFF.MEMBER>

It is essential that we have business hours contact details for at least one committee member to discuss club business and list on the website along with the name and contact details of the person who handles the accounts.

This information will be available to:

- The appropriate State/Territory department
- ACTA
- State Association
- Zone Association

### 12.3 Privacy Laws

Club Secretary's will be able to access all details of their members, additionally they will be able to access limited information on all ACTA members for the purpose of conducting a shoot.

### 12.4 Club Delegate

Every Club is entitled to elect one Club Delegate. This person acts as the Club Representative to the Zone, State and ACTA. Each of these Associations should be advised of your Club Delegate.

In the event the elected delegate cannot attend the AGM a proxy may be appointed on the forms supplied by the ACTA at the appropriate time.

## **12.5 Duplicate Handicap Cards**

Clubs administer the replacement of books and labels by using the “ACTA Handicap Book/Label Order Form” This form is available via the club admin login (not database) on the ACTA website [www.claytarget.com.au](http://www.claytarget.com.au) the form is interactive so when you lodge the request you will receive a confirmation email and the form will be emailed to the National Office.

The three main instances where replacements will be required are as follows:

- Full Handicap Books will be replaced by the ACTA at no cost to the member. The Club Secretary is to verify that the book is full and confirm on the form
- For members who have lost the handicap book, they pay the club directly for a duplicate book and label (\$10) and the club will then be invoiced upon the ACTA receipt of the order form.
- Members who lose their label before attaching it to their book or the label is lost in the mail will receive a replacement label at no cost, however it will be noted on the label that it is a reprint.

## **12.6 Members Transferring Clubs**

If a shooter wishes to transfer to another club during the membership year they must get a letter of release from their current club and a letter of acceptance from the club that they are wanting to join. These letters need to be forwarded to their State Office and National Office. Only one transfer is allowed in a membership year. Club transfers should ideally take place upon renewal of membership.

## **12.7 Shooting Rules**

Copies of the current Shooting Rules can be downloaded from the ACTA website [www.claytarget.com.au](http://www.claytarget.com.au). These rules regulate the sport of clay target shooting. Please familiarise yourself with them.

### **Long Break termination**

For example, Double Rise as we know is NOT thrown from an oscillating trap and therefore does not terminate a break if shot between 2 rounds of single targets. It stands to reason then that shooting single targets between two double rise rounds would also not terminate a double rise break

## **12.8 Constitution**

All ACTA affiliated member clubs are required to abide by the ACTA Constitution. Copies of the ACTA Constitution have been circulated to all member clubs. Additional copies can be downloaded from the ACTA website.

## **12.9 Incorporation**

### **What Incorporation Means:**

Incorporation is a system of registration which gives an association/club certain legal advantages in return for accepting certain legal responsibilities.

Although there are benefits to be gained from incorporation, there are also obligations and limitations. Incorporation requires the payment of application fees, obliges the association/club to be audited (where required) and lodge financial returns annually. Being incorporated requires that the association/club comply with the provisions of the Associations Incorporation Act, regarding the running of the association/club and requires the association/club to hold a public liability insurance policy (Note the ACTA provided Insurance Policies are sufficient). NOTE: The ACTA does not provide building insurance.

### **Why Incorporate?**

An association/club that remains unincorporated has no separate legal identity from its members. This means that the committee members are individually liable should something go wrong. Such an association/club must rely on individuals to do things for it in their own names. As the management committee members are the ones who normally make and implement decisions for an association/club, the ultimate responsibility for debts and other legal obligations will usually rest with them. This will be the situation even if the association/club is operating according to a written constitution or set of rules.

### **Requirements after Incorporation**

Once the certificate of incorporation has been issued, the association/club must:

- 1: obtain a common seal (rubber stamp) with the association/club's full name (including the word "Incorporated" or "Inc") and the words "Common Seal".
- 2: open a bank account in the association/club's name. The bank may require a copy of the rules and/or wish to sight the original certificate of incorporation. The people who are appointed signatories to the account will need to comply with the identification requirements of the bank.
- 3: keep a set of books to record the financial transactions of the association/club and a register of members and committee members, folder or book to keep minutes of committee meetings and general meetings must also be kept.
- 4: arrange with the Registrar of Titles for property which is registered in the names of trustees to be transferred to the association/club.
